Chapter 1 New kind of social science requires new skills

Chapter 2 Computational Thinking, Algorithms and Writing Code

Chapter 3 Data Science

Chapter 4 Network Analysis

Chapter 5 Data structures

Chapter 6 Simulations and Complex Systems

Chapter 7 Interactive Systems

Chapter 8 Best Practice for Software Development

Chapter 9 Computation and Data: Collection, Storage and Manipulation

Chapter 10 Computational Social Science

Chapter 11 Research Ethics in Computational Social Science

Chapter 12 Mistakes and Quality of Results in Computational Social Sciences

Chapter 13 Integrating Computational Methods in Research
